

JUST GOSSIP ABOUT PEOPLE

Nancy Wynne Discusses Various People and Things. Hears Latest News About Newport Dog Show in August—Overhears a Cute Remark

I WAS glad to hear today that Mrs. C. O. Collet is very much better and expects to be able to go to her home in Bryn Mawr in a few days.

Isn't it funny—you know, I was talking about Marjory Taylor Hardwick just the other day and just afterwards I walked up Chestnut street, and when I saw her I saw that same Marjory! She looked very well, too.

Susan Groome is spending a week or two with Mrs. Edward D. Toland at her place in Whitmarsh. You know, she is engaged to Mrs. Toland's son Bob, and they are to be married on September 11 at Airlie.

Whitears, by the way, is getting to be a very popular place. It is getting to be a very popular place. It is getting to be a very popular place.

You know I told you some time ago about the dog show that is going to be held in Newport on August 21—at the Casino, of course.

And speaking of Newport, I hear that Dr. and Mrs. Thomas G. Ashton gave a children's party on Tuesday at their summer home in Jamestown.

I WAS standing at the counter waiting for my order when the door opened and a cute little ducky lady walked in.

NANCY WYNNE.

MOTHERS' AID FUND MUST BE INCREASED

State Appropriation for Work Here Should Be Doubled to Meet Demands

It will be necessary for the state to double its appropriation to the Mothers' Assistance Fund this year if Philadelphia is to meet adequately the demands made upon it for the care of widowed mothers with minor dependent children.

The amount spent for pensions in July was the highest and the number of beneficiaries was the largest in the history of the county. The amount was \$18,708 and the number of families on the active payroll 601.

Only one child of working age in every six families is the average. An average of \$14 a month a family is paid in rent. That is an increase of \$4 a month in the last two years. More than 50 per cent of the parents of the families aided are American born.

A board of seven women trustees is appointed by the Governor of the state to administer the appropriation to the fund. Formal application is made by the petitioner and it is investigated by trained workers. If the petition is accepted, the amount of the grant is fixed by the board of trustees. The money is paid directly to the mother by the city treasurer and the state treasurer.

At present there are 441 applications filed in 1920 to whom no assistance has been given, and 551 applications of the same status filed last year. The needs of this county were not adequately met in the state appropriation of 1918-19, it is asserted. The new City Council made an emergency appropriation of \$125,000 in March. At that time there were more than 120 families on the waiting list.

Wilmar PEANUT BUTTER So Different From the Ordinary

Either way ends every corn Use Blue-jay as you like best. Apply liquid Blue-jay from a bottle, or use the Blue-jay plaster.

The effects on the corn are identical. The pain stops. And the entire corn quickly loosens and comes out.

Blue-jay now is ending some two million corns a month. It has so reduced corn troubles that most folks never have them.

It will end them all when all folks know about it.

The Blue-jay method is easy, gentle, sure. It is scientific—the creation of a world-famed laboratory.

For your own sake, stop paring corns. Cease the old, harsh, inefficient methods. Learn what millions know—that corns are folly, the pain is needless. Anybody can be kept forever free from corns with Blue-jay.

Prove this tonight. Buy Blue-jay from your druggist.

BRIDES MUST GO TO SCHOOL Only Physical Disability Accepted as Excuse for Girls Under 16

Sacramento, July 29.—While there is no provision in the school law to prevent girls under the age of sixteen accepting proposals or contracting marriage, the marriage itself does not offer sufficient excuse in such cases to keep the young brides away from full time classes at school.

This is according to a ruling by Will C. Wood, state superintendent of public instruction, in answer to a query raised several times during the last few months.

"The only exception," Mr. Wood said today, "is when a certificate signed by a physician is presented to the school authorities showing that the physical condition of the pupil is such as to render attendance inadvisable."
